Player Welfare Research 2022

We are delighted to launch a Club, County and Third Level Player Welfare Questionnaire.

The purpose of this research is to hear directly from the adult playing members of our Association, on their experience of playing Camogie and issues that affect them. We want your voice to inform what we do when it comes to Player Welfare and Inclusion and positively influence playing Camogie in the future.

We are asking you to share your experiences with us by fill out the questionnaire via the link below help us to shape the future of Player Welfare within the Camogie Association. We would also request that you encourage all of your friends and colleagues that play adult Camogie to also fill in the questionnaire. The power of this research is reliant on the number of players who complete this questionnaire.

All answers will be completely anonymous and analysed in combination with other members' responses. We appreciate your time.
